REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

**The Board of Directors
Amlak Finance PJSC
Dubai
United Arab Emirates**

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of **Amlak PJSC, Dubai, United Arab Emirates** (the “Company”) **and its Subsidiaries** (together referred to as the “Group”) as at 30 September 2022, and the related condensed consolidated interim statements of income, comprehensive income, changes in equity and cash flows for the nine month period then ended. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard 34 Interim Financial Reporting (IAS 34). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

1 ACTIVITIES

Amlak Finance PJSC (the ‘Company’) was incorporated in Dubai, United Arab Emirates, on 11 November 2000 as a private shareholding company in accordance with UAE Federal Law No (8) of 1984, as amended. At the constituent shareholders meeting held on 9 March 2004, a resolution was passed to convert the Company to a Public Joint Stock Company. The Federal Law No. 2 of 2015, which is replaced by the UAE Federal law No. 32 of 2021 on Commercial Companies (“the New Companies Law”) which was issued on 20 September 2021 and has come into effect on 2 January 2022.

The Company is licensed by the UAE Central Bank as a finance company and is primarily engaged in financing and investing activities based on structures such as Ijara, Murabaha, Mudaraba, Wakala and Musharaka. The activities of the Company are conducted in accordance with Islamic Sharia’a, which prohibits usury, and within the provisions of its Articles and Memorandum of Association

The registered address of the Company is P.O. Box 2441, Dubai, United Arab Emirates.

The condensed consolidated interim financial information comprises of the financial information of Amlak Finance PJSC and its subsidiaries (the “Group”). The principal activities of the subsidiaries are the same as those of the parent company. The extent of the Group’s shareholding in the subsidiaries is as follows:

Company	Basis for consolidation	Country of incorporation	Percentage of shareholding	
			30 September 2022	31 December 2021

2 ACCOUNTING POLICIES

2.1 ASSESSMENT OF GOING CONCERN ASSUMPTION

Due to the shrinking of the financing assets portfolio, the Group has reported a decline in financing income. The Group has a significant inventory of investment properties and other investments outside the UAE which are required to be disposed of by June 2023 to continue to remain compliant with the Finance Companies Regulations. Continued delinquencies in the financing assets portfolio also poses a future risk to generate sufficient cashflow to meet the repayment obligation of financiers.

The Group’s management has taken several steps to address the situation including the following:

- Debt settlement auctions undertaken throughout the period generated a profit of AED 388 million (30 September 2021 AED 465 million) during nine months period ended
- Planned offloading of assets within the real estate portfolio.

Management has witnessed increased demand for certain properties within the Group’s investment property portfolio and expects this to continue throughout 2022 given the various government initiatives being implemented and positive impact of Expo 2020. These realisations will ultimately contribute to profitability of the Group.

The Central Bank (CB) in its examination report pointed out that, growing the financing assets is critical, without which Amlak may not generate sufficient cash flows in future to meet financiers obligations. Further, the company is not competitive with other banks in terms of pricing the financing portfolio and has a significant inventory of real estate assets which may pose a risk on the company to become non-compliant with the Finance Companies Regulations by June 2023.

Management has determined that the actions that it has taken are sufficient to mitigate the uncertainty and has therefore prepared these consolidated financial statements on a going concern basis.

2 ACCOUNTING POLICIES (continued)

2.2 BASIS OF PREPARATION

The condensed consolidated interim financial statements of Amlak Finance PJSC and its subsidiaries (the “Group”) are prepared in accordance with International Accounting Standard IAS 34, Interim Financial Reporting. The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the financial statements for the year ended 31 December 2021.

The condensed consolidated interim financial statements do not include all the information or disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2021. In addition, results for the nine months period ended 30 September 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

The condensed consolidated interim financial statements are prepared under the historical cost convention modified to include the measurement at fair value of investments at FVOCI, investment properties and advance for investment properties.

The condensed consolidated interim financial statements have been presented in UAE Dirhams (AED) and all values are rounded to the nearest thousand (AED’000) except when otherwise indicated.

No income of seasonal nature was recorded in the condensed consolidated interim statement of profit or loss for nine month periods ended 30 September 2022 and 30 September 2021.

2.3 CHANGES IN ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS

2.3.1 *New and revised IFRS applied with no material effect on the condensed consolidated interim financial statements*

The following new and revised IFRS, which became effective for annual periods beginning on or after 1 January 2022, have been adopted in these condensed consolidated interim financial information. The application of these revised IFRS has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
Amendments to IAS 16 <i>Property, Plant and Equipment</i> relating to Proceeds before Intended Use	1 January 2022
The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss.	

2 ACCOUNTING POLICIES (continued)

2.3 CHANGES IN ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS (continued)

2.3.1 New and revised IFRS applied with no material effect on the condensed consolidated interim financial statements (continued)

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
Annual Improvements to IFRS Standards 2018 – 2020 Makes amendments to the following standards:	1 January 2022
<ul style="list-style-type: none"> • IFRS 1 First-Time Adoption of International Financial Reporting Standards – The amendment permits a subsidiary that applies paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by its parent, based on the parent’s date of transition to IFRSs. • IFRS 9 Financial Instruments – The amendment clarifies which fees an entity includes when it applies the ‘10 per cent’ test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf. • IFRS 16 Leases – The amendment to Illustrative Example 13 accompanying IFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. • IAS 41 Agriculture – The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. 	
Amendments to IFRS 3 <i>Business Combinations</i> relating to Reference to the Conceptual Framework	1 January 2022
The amendments update an outdated reference to the Conceptual Framework in IFRS 3 without significantly changing the requirements in the standard.	
Amendments to IAS 37 <i>Provisions, Contingent Liabilities and Contingent Assets relating to Onerous Contracts - Cost of Fulfilling a Contract</i>	1 January 2022
The amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

7 ADVANCES FOR INVESTMENT PROPERTIES

The Group paid advances towards the acquisition of units in under-development real estate project in Dubai. The project has been delayed by a number of years and the date of completion is uncertain. The Group commenced arbitration in 2013 with one developer to facilitate recovery of advances paid of AED 780 million with a carrying value of AED Nil (31 December 2020: AED Nil). During the year ended 31 December 2019, the arbitration was awarded in the Group's favor with the cancellation of the original SPAs and addendum. Post arbitration ruling in Amlak's favor, negotiation for a settlement was initiated with the developer which was concluded in Q3 2021, with a settlement for undeveloped plots approximately valued at AED 706 million and four cash installments of AED 50 million each, over 2 years.

During the year ended 31 December 2021, as a result of agreed settlement, plots valuing AED 706 million and cash of AED 50 million was received. Remaining cash installments of AED 150 million was recorded as receivable with full provision, of which cash installment of AED 50 million was received during the period ended 30 September 2022, accordingly provision of same amount was released.

Investment properties consist of land, villas and units in buildings held for lease or sale. In accordance with its accounting policy, the Group carries investment properties at fair value.

The fair values of the properties are based on valuations performed at quarter end by independent professionally qualified valuers who hold a recognised relevant professional qualification and have relevant experience in the locations and segments of the investment properties valued. The valuation model used is in accordance with that recommended by the Royal Institute of Chartered Surveyors.

Investment properties as at 30 September 2022 include a plot of land and one unit (31 December 2021: six units) in Egypt owned by the Group's subsidiaries amounting to AED 162 million (31 December 2021: AED 202 million). All other investment properties are located within the UAE. The carrying values of AED 162 million (31 December 2021: AED 202 million) also includes foreign exchange gains and losses on currency translation of investment properties in Egypt which is included in equity.

Except for investment properties in a joint venture, investment properties are categorised as Level 3 for fair value measurement as they have been derived using the comparable price approach based on comparable transactions for similar properties. Sales prices of comparable properties in proximity are adjusted for differences in the key attributes such as property size and location. The most significant input into this valuation approach is the estimated price per square foot for each given location. There were no transfers into or out of the Level 3 category during the year.

Valuation technique used for investment properties in the joint venture is based on the income approach which uses significant unobservable inputs, hence is classified as Level 3. Inputs used by valuator include sale price range from AED 120 to AED 328 per sq ft with absorption period of 4 years at 12% fair value rate.

Significant increases/(decreases) in comparable market value in isolation would result in a significantly higher/ (lower) fair value of the properties.

During the period ended 30 September 2022, provision of AED 23 million (31 December 2021: AED 30 million) was released from the provision of AED 30 million (2021: AED 60 million) which was previously booked on foreclosed properties as recommended by the Central Bank.

On 1 October 2014, the Group entered into a joint venture agreement with another party to develop a jointly owned plot of land in Nad Al Hammar. Amlak Finance PJSC acquired a 50% interest in Al Warqa Gardens LLC, a jointly controlled entity to develop a jointly owned plot of land in Nad Al Hammar. The Group has a 50% share in the assets, liabilities, revenue and expenses of the joint venture and accordingly under IFRS 11 it is deemed to be a jointly controlled operation. As the land is under development with a view to disposal in the market, it has been treated as property under development with an initial cost equal to its fair value at the time of transfer from investment property portfolio for AED 330 million. Subsequent expenditure to develop the land for resale is included in the cost of the property. The cash held by the joint venture is restricted, given that it is contractually committed to the development of the land under the joint venture agreement. The Group's share of this restricted cash balance at 30 September 2022 is AED 74 million (31 December 2021: AED 75 million) (note 4).

The nature of the Company's deposits was significantly changed due to the restructuring undertaken in 2014, resulting in a fixed obligation to be paid to the Commercial Financiers and Liquidity Support Providers. In accordance with IFRS, due to the substantial changes in the terms of the investment deposits through the restructuring, a fair valuation assessment of the restructured obligations was performed based on the net present value of the contracted cash flows. As at 25 November 2014, the restructured obligations were initially recognised at fair value in the statement of financial position giving rise to AED 911 million of fair value gain which was recorded in the consolidated statement of income.

In June 2020, the Company again undertook restructuring of deposits of Commercial financiers; the face value of the restructured fixed obligations at period end is AED 4,219 million. Upon revised restructuring, repayment behaviour was significantly changed resulting into scheduled and non scheduled instalment payments linked to sale of certain investment properties.

The fair value adjustment is calculated using the original effective profit rate of 4.89%. The cumulative value of fair value gain amortised till to 30 June 2020 was AED 627 million (31 December 2019: AED 584 million) giving a residual fair value gain of AED 284 million as at 30 June 2020 (31 December 2019: AED 328 million). However upon restructuring in 2020, this residual fair value gain as at 30 June 2020 was increased to AED 497 million which will be fully reversed out over the repayment period till October 2026, with a resulting charge to the consolidated statement of income each year.

The obligations are subsequently to be measured at amortised cost using the effective finance rate method.

Restructured investment deposits and other Islamic financing are secured against assignment and mortgage over the Group's investment properties located in UAE (note 8), assignment of insurances, pledge over bank accounts (note 4), assignment of rights to receive payments in connection with the Islamic financing and investing assets portfolio and corporate guarantees of the Group's subsidiaries. Securities offered would be held by a security agent on behalf of the financiers.

10.2 Debt Settlement

Based on the revised Common Terms Agreement (CTA) with financiers, the Group conducted debt settlement auctions both through cash and real estate asset swap during the period ended 30 September 2022

For the debt settlement through cash, a cash consideration of AED 383 million (30 September 2021: AED 267 million) was offered to financiers against settlement of their exposures and certain financiers settled their exposure of AED 782 million (30 September 2021: AED 566 million) which included investment deposits of AED 608 million (30 September 2021, AED 447 million), Mudaraba Instrument of AED 166 million (30 September 2021: AED 115 million) and profit in kind of AED 8 million.(30 September 2021: AED 4 million). As a result of this settlement, the Group has recorded a gain of AED 255 million (30 September 2021: AED 190 million) in statement of profit or loss after netting of amortization of fair value adjustment on restructuring amounting to AED 55 million (30 September 2021: AED 46 million) and recorded a gain of AED 81 million (30 September 2021: AED 59 million) related to Mudaraba instrument, in statement of changes in equity.

10.2 Debt Settlement (continued)

For the debt settlement through asset swap, consideration in form of investment properties amounting to AED 99 million was offered to financiers against settlement of their exposures and certain financiers settled their exposure of AED 198 million which included investment deposits of AED 154 million, Mudaraba Instrument of AED 42 million and profit in kind of AED 2 million. As a result of this settlement, the Group has recorded a gain of AED 62 million in statement of profit or loss after netting of amortization of fair value adjustment on restructuring amounting to AED 15 million and recorded a gain of AED 20 million related to Mudaraba instrument, in statement of changes in equity. Another debt settlement auction through real estate assets swap was executed during the quarter ended 30 September 2022 by offering consideration of AED 24 million against settlement of investment deposits of AED 37 million, which is in process and outcome will be recorded upon completion of transaction. The investment deposits of AED 37 million and related amortization of AED 3.4 million is recorded under other liabilities.

11 MUDARABA INSTRUMENT

Mudaraba Instrument (nominal value)	533,043	740,434
Mudaraba Instrument Reserve	(421,050)	(584,867)
Mudaraba Instrument (carrying value)	111,993	155,567

On 25 November 2014, a Mudaraba Instrument of AED 1,300 million with a maturity in November 2026 was issued through a special purpose vehicle owned by the Group. On maturity, the Mudaraba Instrument to the extent it is not redeemed, will mandatorily convert into ordinary shares of the Company with the face value of AED 1 each.

The Mudaraba Instrument at the time of issue comprised:

1. Face Value of AED 1,300 million.
2. An expected profit rate of 1% per annum on the outstanding balance each year, payable as profit in kind ("PIK") which the Company can elect to make distributions in cash or in the form of shares.
3. A contingent issuance of upto 500 million shares applicable only to the extent the Mudaraba Instrument remains outstanding at maturity. The number of contingent shares to be issued is prorated with the amount of Mudaraba Instrument remaining outstanding.

As the Mudaraba Instrument is redeemed, there will be a proportionate reduction in the contingent share issuance due.

The Mudaraba Instrument was recorded at fair value at the time of issuance. The difference between the fair value of the Mudaraba Instrument and the carrying value of the deposits it replaced of AED 1,027 million was recorded as a gain in the 2014 income statement as required by IFRS. Subsequent to initial recognition, the carrying value of the Mudaraba Instrument will not be re-measured. The fair value gain of AED 1,027 million on initial recognition of the Mudaraba Instrument was transferred from accumulated losses to the Mudaraba Instrument reserve. This reserve will be utilized in the event of any repayment of the Mudaraba Instrument or on issue of shares in the Company on maturity of the Mudaraba Instrument. Any difference between the par value of shares issued on conversion and the carrying value of the Mudaraba Instrument and Mudaraba Instrument reserve will be posted to retained earnings / accumulated losses.

The fair value of the Mudaraba Instrument was determined based on management's best estimate of the expected cash flows that will arise, discounted at the Company's cost of equity. For this purpose, management assumed that the Mudaraba Instrument will be redeemed, in full, in year 12 and the PIK charge for the 12 year period will be settled on the same date.

The fair value of the Mudaraba Instrument was calculated using a cost of equity of 14.96% calculated under the Capital Assets Pricing Model wherein the risk free return was based on UAE Government's long term bond; levered beta was based on comparable company's beta within similar businesses and a market risk premium was based on current market conditions which reflects the additional expected return over a risk free investment.

11 MUDARABA INSTRUMENT (continued)

On 12 August 2015, the Board of Directors of the Company voluntarily opted to redeem AED 200 million against the Mudaraba Instrument which has reduced the Mudaraba Instrument and Mudaraba Instrument reserve by AED 42 million and 158 million respectively. The Company also paid AED 9 million in 2015, in respect of PIK charge falling due as a consequence of the repayment of the Mudaraba Instrument with the amount being 1% of the outstanding Mudaraba Instrument from the date of restructuring to the date of redemption. This charge was recorded in accumulated losses in equity.

On 23 November 2017, the Board of Directors of the Company voluntarily opted to redeem AED 75 million against the Mudaraba Instrument which has reduced the Mudaraba Instrument and Mudaraba Instrument reserve by AED 16 million and AED 59 million respectively. The Company also paid AED 25 million in 2017, in respect of PIK (profit) as a consequence of the redemption of the capital under the Mudaraba Instrument with the amount being 1% of the outstanding Mudaraba Instrument from the 1st redemption date to the 2nd redemption date. This charge was recorded in accumulated losses in equity.

During the period ended 30 September 2022 the Group redeemed Mudaraba instrument in the value of AED 208 million (31 December 2021: AED 235 million) through the debt settlement mechanism (note 10).

At 30 September 2022, the maximum number of shares which may convert under the instrument are 786 million (31 December 2021: 1,092 million).

14 COMMITMENTS AND CONTINGENCIES

Commitments

	<i>Notes</i>	<i>30 September 2022 AED'000 (Unaudited)</i>	<i>31 December 2021 AED'000 (Audited)</i>
Irrevocable commitments to advance financing	14.1	7,086	96,038
		<u>7,086</u>	<u>96,038</u>

14.1 Credit-related commitments include commitments to extend facilities designed to meet the requirements of the Group's customers. Commitments generally have fixed expiration dates, or other termination clauses, and normally require the payment of a fee. Since commitments may expire without being drawn upon, the total contract amounts do not necessarily represent future cash requirements.

Contingencies

The Group is engaged in certain litigation proceedings in the United Arab Emirates, involving claims by and against it, mainly in respect of certain sale and financing transactions. The Group is defending these cases and, based on legal counsel advice received, believes it is less than probable that such actions taken by counter parties would succeed, a provision of AED 21 million (2021: AED 23 million) that has been made.
